PROFESSIONAL SUMMARY

Motivated **MERN Stack Developer** with hands-on experience building full-stack web applications and RESTful APIs using **React.js, Node.js, Express.js, MongoDB, and Redis**. Skilled in responsive UI development, secure JWT authentication, and scalable backend architecture. Passionate about problem-solving, continuous learning, and delivering modern web solutions.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, Bootstrap, JavaScript (ES6+), React.js
Backend	Node.js, Express.js, REST APIs, JWT Authentication
Database	MongoDB, Redis
Tools	Git, GitHub, Postman
Deployment	Render, Vercel

PROJECTS

Travel Explorer

[GitHub Demo](#)

Tech Stack: React.js, JavaScript, CSS, REST APIs

- Built a responsive travel web app with React.js using mobile-first design and reusable components.
- Integrated external REST APIs to dynamically fetch and display destination information.
- Optimized layouts and UI for a clean, engaging user experience across all devices.

QuickNest – Property Rental Backend API

[GitHub Live API](#)

Tech Stack: Node.js, Express.js, MongoDB, JWT, Redis

- Developed scalable RESTful APIs for property rental management and user operations.
- Implemented JWT-based authentication/authorization and Redis caching for performance.
- Designed secure backend architecture with input validation and structured error handling.

Library Management System API

[GitHub Live API](#)

Tech Stack: Node.js, Express.js, MongoDB, JWT

- Built complete backend for books, users, and borrowing records with full CRUD operations.
- Implemented role-based access control and JWT authentication for secure data operations.
- Applied efficient MongoDB query design and structured error-handling mechanisms.

E-Commerce Backend API

[GitHub Live API](#)

Tech Stack: Node.js, Express.js, MongoDB, JWT

- Developed RESTful APIs for product management, order processing, and user authentication.
- Built modular, secure backend with authorization workflows and comprehensive validation.
- Followed industry best practices for API design, scalability, and maintainability.

EDUCATION

Bachelor of Computer Applications (BCA)

2022

Shree Swaminarayan College of Computer Science, Bhavnagar

TRAINING

Full Stack Development | Red & White Skill Education, Bhavnagar

- Hands-on training in MongoDB, Express.js, React.js, Node.js with real-world project work.
- Practical experience across frontend, backend, databases, REST APIs, and cloud deployment.

ADDITIONAL INFORMATION

- Strong grasp of RESTful API design and modern web development concepts.
- Quick learner with strong problem-solving skills; passionate about Full Stack Development.
- Familiar with Git/GitHub version control and collaborative workflows.
- **Languages:** English, Hindi, Gujarati
